Head Coach	Home Phone # Work Phone # CellPHone #

How to use this Force Phone Tree…
The Head Coach will call the first family on the top of each column, (Family 1,2 & 3)
Once you receive a phone call you must then call the family under your name.
If you do not reach anyone, ie: you get an answering machine or buzy ring
you must then call the next person on the list. You keep doing this until you actually talk to someone
You are responsible for that missed family and must try to get a hold of them.
The last person in each row MUST call the head coach back to let them know
the phone tree was completed.
